Sir:

In adherence with 37 CFR 1.821-1.825, this application is accompanied by a diskette containing SEQ ID NOS 01-03 in computer readable form. The computer readable sequence listing was prepared through the use of the software program "PatentIn" provided by the Patent and Trademark Office. The sequence information recorded in computer readable form is identical to that of the written sequence listing filed in the international application and does not go beyond the disclosure in the international application as filed.

Respectfully submitted,

Dated: September 27, 2004
